

Harry Jacobs Chamber Music Series

28 Years of World-Class Chamber Music

The great musical performances of the last few years may be fresh in our minds, but the HJCMS has presented world-class music for twenty-eight years: 163 evenings of beautiful music; 100 different ensembles, at least 42 soloists and duos, and three chamber orchestras. In the belief that it will stimulate fond memories of some of this incredible music, we present here a complete list of these performances, organized into categories (and including the 2016-17 season).
